WRAPPED IN FLAMES.

A School-Girl's Narrow Escape From a Horrible Death.

Last Tuesday morning about eight o'clock an accident occurred at South Kentucky College which greatly endangered the life of one of the young lady pupils. Miss Emma Turnley, of Louviers, who boards in the College building, was standing by a hot stove in Prof. Sebey's class-room, when her skirt came in contact with the stove and were quickly ignited. The room was on the second floor and screaming with pain and fright the young lady ran to the steps and attempted to go down stairs, her clothing wrapped in flames. Several of her class-mates followed her and by hard work succeeded in extinguishing the flames, but not until Miss Turnley's dress had been almost entirely consumed and torn off in the efforts to put out the fire. She was painfully but not seriously burned about the back, and several other young ladies were also burned in their efforts to save her from a fatal death. None of them, however, were seriously injured. The affair created a considerable excitement not only in the college but about the city.

Mr. Elijah W. Davis, of Crofton, Democratic candidate for jailer, had the misfortune to get his arm broken last Monday night. He was in the city during the day and concluded to stay over during the night to start out on an electioneering tour the following morning. While going down a flight of steps with a friend he slipped and fell and fractured his left arm near the wrist. The broken limb was set by one of the city physicians and Mr. Davis left the following day for his home.

CHEAP EXCURSION TO NEW ORLEANS

The L. & N. Railroad will sell round trip tickets to New Orleans Feb. 19th and 20th, for the exceedingly low price of \$11.00, good for ten days. The excursion only holds good on the 19th and 20th, and all who intend going will have to leave those days.

The cold chills have not yet stopped running up and down their backs,

since they have realized what narrow escapes they made, and they will not be caught playing such jokes again.

Mr. A. M. Cooper is a Democratic candidate for Assessor before the convention which meets March 1st. Mr. Cooper is a staunch Democrat who hails from a section that seldom asks for a place on the county ticket, and besides being well qualified for the position he is further fitted for the place by experience in the office as deputy.

The 12th of February is rather late to announce to the public a clock for \$1.00—and that such prices never before had been offered. The customer of M. D. Kelly know better, as they have had the benefit of these low prices for the last four months, and even more, but M. D. Kelly has had nearly 25 years experience in the jewelry business which is of great benefit to his patrons in more ways than one.

A rumor has been current about the streets for a day or two that something was on foot in regard to the L. & N. railroad. A Chronicle reporter has been trying to run it down but has not yet succeeded. There are hints of a new proposition from Major Gordon, and speculation about a scoop by the L. & N. We don't know what is going on, but we hope something substantial will be done toward completing the road—Chronicle.

In announcing Mr. C. M. Day as a Democratic candidate for Circuit Clerk we desire to commend him to those who do not know him as being worthy of their support and confidence. Mr. Day has voted the Democratic ticket for years although he has never been an active partisan and he is immensely popular in North Christian with the voters of all parties. His section asks that he be represented on the county ticket by Mr. Day and the claim is a just one and one that should be heeded by the Democrats of the county unless a candidate stronger in that portion of the county can be found. Mr. Day's neighbors vouch for his fitness, his party fidelity and his ability to make a winning fight and his claims merit the careful and most favorable consideration of the people.
